Dear Child Care Provider,

This letter is in regards to the March 25, 2014 compliance check of your Level A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

- ☐ 110.5(1)m Has not less than one 2A 10BC rated fire extinguisher in a visible and readily accessible place on each child-occupied floor. (add one in basement)
- ☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years. (need four kids physical)
- ☐ 110.9(3)c The bottom of the window opening is not more than 44 inches above the floor with permanent steps inside leading up to the window. (Amy is discussing a plan to come into compliance and will contact this worker within 30 days)

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations within the next 45 days.**

Recheck is needed after Amy implements steps to Egress and ensure fire extinguisher is added to basement. Amy – y

☐ Based on the items out of compliance listed above, you will be required to have a recheck or follow up visit to your home. This visit will occur after the 45 day time period has elapsed.

Please do not hesitate to contact me at DHS at 641-421-1219 if you have any questions regarding this letter.

Sincerely,

Amanda Nash
